 Homeroom Teacher Overview

The student has integrated beautifully into the classroom social dynamic. They follow daily routines with enthusiasm, demonstrate strong emotional regulation, and actively participate during carpet time and collaborative group activities.

Subject Teacher Performance Concepts

Mathematics

Concept & Progress: The student shows excellent engagement with hands-on math activities and games. They confidently identify numbers up to 20 and are developing strong foundational skills in counting and simple spatial patterns.

Next Steps: We will continue reinforcing cardinality and basic addition concepts using concrete manipulatives.

es Spanish (Language Arts)

Concept & Progress: Demonstrates great phonological awareness and a growing vocabulary. They listen attentively during storytelling and are starting to recognize high-frequency sight words with confidence.

Next Steps: Encourage verbal expression by asking open-ended questions about stories read in class.

GB English

Concept & Progress: Displays fantastic listening comprehension and is highly responsive to verbal instructions in English. They willingly participate in group songs, chants, and simple vocabulary games.

Next Steps: Work on boosting confidence during independent speaking turns and short phrase production.

Music

Concept & Progress: Shows a wonderful sense of rhythm and actively engages in melodic imitation exercises. They respond exceptionally well to tempo changes and enjoy exploring classroom instruments.

Next Steps: Continue developing auditory discrimination through interactive sound-matching games.

Art

Concept & Progress: Demonstrates excellent fine motor control during cutting, pasting, and drawing activities. They display great creativity, an impressive use of color choice, and take immense pride in their artistic projects.
